Carbon fibre pultruded laminates	 A photograph showing several large, cylindrical stacks of black carbon fibre pultruded laminates. The stacks are arranged on a wooden pallet in a factory or warehouse environment. The floor is light green, and there are yellow safety lines. In the background, there are industrial structures and a white wall.
Carbon fibre pultruded laminates wrapped in polypropylene films	 A photograph showing stacks of carbon fibre pultruded laminates wrapped in clear polypropylene film. The stacks are arranged on a wooden pallet in a factory or warehouse environment. The floor is light green, and there are yellow safety lines. In the background, there are industrial structures and a white wall.
Carbon fibre fabrics	 A photograph showing a person in a light blue shirt and dark pants handling carbon fibre fabrics on a production line. The person is standing next to a green machine that is processing the fabric. The fabric is being rolled up. The floor is light green, and there are yellow safety lines.
